

Marietta Daily Leader.

THE ONLY ASSOCIATED PRESS REPORT IN MARIETTA BY PRIVATE WIRE.

VOL. VII NO 152

MARIETTA, OHIO, WEDNESDAY, JUNE 26, 1901.

TEN CENTS A WEEK

THE TICKET

**That Will be Victorious at The Polls
Next Fall**

**Has Been Named; Nash, Nippert, Price, Sheets, Emerson,
Cameron and Johnston are the Nominees.**

THE TICKET.

For Governor—Geo. K. Nash.
For Lieutenant Governor—Carl L. Nippert.
For Supreme Judge—J. L. Price.
For Attorney General—John E. Sheets.
For Clerk of Supreme Court—Lawson E. Emerson.
For State Treasurer—Isaac B. Cameron.

For Member Board of Public Works—W. C. Johnston.

By Associated Press.

Columbus, O., June 25.—The Republican State Convention was in session here today from 10:10 a. m. to 1:10 p. m. and broke the Ohio record by completing the work in three hours. The intense heat, prostrating Chairman Hanna, he not only cut short his own speech, but also those of others, and then dispatched business with utmost speed.

In those three hours the convention named the full state ticket, adopted its declaration of principles, endorsed Foraker as the Republican candidate for re-election as United States Senator, completed the party organization for the campaign and transacted other business.

Of the seven nominations there were only three new men, and one of these, Nippert, for Lieutenant Governor, was nominated without opposition, after Lieutenant Governor Caldwell declined a renomination.

Nash, Sheets, Cameron and Johnston were re-nominated for a second term without opposition. There were free for all contests for the nomination for Supreme Judge and Clerk of the Supreme Court. It was currently reported that Crew and Critchfield were on the Hanna slate for these two nominations, but Hanna vigorously denied taking any part in the contests for these two places.

The vote showed that Price and Emerson had formed a combination that worked successfully for both of them. Judge Price, of Lima, has been on the Common Pleas and Circuit benches and Emerson is prominent in politics in eastern Ohio.

The nomination that caused most comment was that of Nippert, in place of Caldwell, the latter being the only one elected with Governor Nash two years ago that was not renominated for a second term.

The State Anti-Saloon League vigorously opposed his nomination. There were frequent calls for Caldwell in the convention, but he could not be induced to take the platform, and Chairman Hanna dispatched business in such a way as to give no opportunity for demonstrations.

When the delegates were calling for Caldwell, Hanna made Caldwell a member of the committee to escort Governor Nash to the hall to deliver his speech of acceptance. While this committee was out Senator Hanna promptly counted up the next order of business and State Senator Nippert was nominated.

Nippert has been Principal of Schools at Cincinnati and Police Prosecutor there. Like Caldwell, he is liberal, and the Anti-Saloon League expressed its displeasure because Nippert, in the last Legislature, voted against the Clark local option bill. Meantime representatives of the liquor interests are very much displeased over what they term the enforced retirement of Caldwell, while the Rev. Clark has been renominated in Columbus for the Legislature and several Republican members who opposed the Clark have been renominated in Columbus.

Foraker was accompanied tonight to Cincinnati by a large delegation. Hanna and Nash went to Gambier, where they will deliver addresses tomorrow at the commencement of Kenyon College.

under direction of the City Engineer. It was left to the Engineer. A resolution was passed to notify the Pioneer Junk Co. to remove its property from Sixth and Ohio streets. The motion asking newspapers to make bids was laid over till next meeting.

The condition of Pike street was also a subject for a petition, which was referred to the Railroad committee. by the street car line was also a subject for a petition, which was referred to the Railroad committee.

A bid was received for grading Quarry street for 33.1-3c per cubic yard of excavation. It was referred to the Street committee and Engineer. A petition for an ordinance for the Marietta and Williamstown Bridge Co. was laid on the table.

The fire department made a requisition for supplies and it is stated that the Council should let the fire department present its requirements to the Council one month in advance. It was left to the Fire committee.

Mr. Trotton made an eloquent appeal for a fruit stand at the west end of Putnam street bridge. The appeal was referred to the Street committee.

Following the regular order of business the following bills were allowed:

W. P. Mason	2.00
Oil Well Supply Co.	1.15
S. A. Palmer	12.97
S. A. Palmer	37.00
Wm. Griggs	10.50
B. Paddon	16.50
L. F. Cislser	21.00
G. H. Brooks	16.50
W. P. Mason	42.00
Work Putnam street bridge	4.20
Pay Roll	129.50

EAST END

**OF City Visited by a Small
Cloudburst.**

The storms that have visited Marietta for the last three nights have been unequalled in severity for many years past. These storms have been by no means local, but, as press reports show, have been spreading destruction all over the country.

The heavy storm of last evening was most heavily felt in this city. The residents of the East End, particularly those living in the vicinity of the chair factory run, experienced a rainfall very much the nature of a cloudburst. The water swept along the valley carrying all small obstructions in its path. The debris finally caused the culverts to become clogged and soon the cellars along the run were filled with water. Many trees were blown down and carried away. The fury of the storm extended to other parts of the city and as a result many fine trees were blown down in the residence portion of the city.

DERRICK AND DRILL.

Movements in the Oil Fields, Both Local and General.

Tiona	\$1.20
Pennsylvania	1.05
Corning	.85

Freed & Co.'s No. 2 F. Way is in the Cow Run sand and is showing for a very light well.

Texas Train Wrecked.

By Associated Press.
Little Rock, Ark., June 25.—A south bound Texas special on the St. Louis Iron Mountain and Southern struck two cows in the suburbs of Bebe, Ark., this morning and wrecked. Mrs. Howard, of Waco, Tex., was seriously injured. Postal Clerk Seybold, of St. Louis; W. E. Simms, of Little Rock, and Butler Campfield (colored) of St. Louis, were injured, but not seriously. Two baggage coaches, one mail coach and a tender were smashed into kindling wood.

FLOOD

Situation Has no New Developments.

By Associated Press.
Bluefield, W. Va., June 25.—In the West Virginia flood situation there are not many new developments, but has loss of life is greatly overestimated, although the loss of property can hardly be estimated. The most conservative estimate obtainable places the loss of life at about 50, the greater part of whom are colored miners and their families. A great many more are missing and are supposed to have been swept away.

There are great piles of debris and it will take many days to find all the bodies. The Norfolk and Western will lose half a million dollars; not taking into consideration the delay of traffic, etc. Their double track is practically washed away for six miles. Three thousand five hundred men are at work repairing the road bed and removing the drift. It will be four days before any traffic can be resumed. The loss to coal operators will reach about \$400,000 outside the delay at the mines in loading, etc.

The property loss by private parties is thought will reach a million dollars.

General Boggs and Colonel Hudson, of Governor White's staff, arrived today to hold a conference with the General Superintendent of the Norfolk & Western, to ascertain what assistance is needed by the state authorities. Wires are deluged with press work and hundreds of messages are received from anxious friends in all parts of the United States inquiring about relatives and friends. Until traffic is resumed and all communications opened it will be impossible to estimate with certainty the loss of life or property.

HEAVY

**Report Caused Considerable
Excitement.**

On Tuesday evening at about eight o'clock all those living near the business portion of the city were excited on hearing a heavy report resembling an explosion, in the vicinity of the city electric plant. The report was caused by an explosion of gas in the furnace of the plant. It appears that the gas fire in the furnace was accidentally extinguished and Mr. George Racer attempted to light it. He must not have turned off the gas, for when he threw a match into the furnace the explosion took place.

It is indeed remarkable as well as fortunate that the result was no worse than it was, for Mr. Racer was not injured to any extent and the injury to the furnace is not large. While the furnace will need repairs the building was in no way injured.

Weather Forecast.

Ohio—Continued high temperature, possibly local rains Wednesday. Thursday fair. Winds mostly light to fresh southeasterly.

West Virginia—Local rains Wednesday, fair, warmer Thursday, southerly winds.

A GALA DAY

**Was Yesterday, for Local Admirers of
Fine Horses.**

Business Men Closed Their Shops and Hundreds of our Citizens Witnessed Opening of the Races.

The first races of the series of races to be given here this week came off yesterday. The rains of the last few days had not affected the track, as many had feared and it was in good condition. The uncertainty of the weather kept a great many from attending. The races were free to ladies and they constituted a fair portion of the crowd.

The horses in the races were as good as have been seen here, but the close sultry atmosphere made it impossible for the horses to make their best time, but one thing is certain, every horse did all that was in him. Starter Lehman informed the owners and drivers that there was to be no laying up of heats, and that although it might be fashionable to "lay up heats" in some places, the fashion had changed here and the racing had to be a straight contest. The horses were then called out for the 2:35 trot and after the usual amount of scoring down, the starter gave the word "go" and they were off in as pretty a start as a horseman could wish for. The following official report of the races shows the results:

2:35 TROT. PURSE \$400.
Monticola 1 1
Bonnie W. 4 2
May Monday 2 3
Joan of Arc 8 5
Eagle Boy 5 4
Francis Medium 7 6
Pac Rose 3 6
Howard J. 9 8
Lady Wilkes 6 Dis.
Time—2:23, 2:18½, 2:19½.

In this race Monticola was the favorite and won easily.

The next event was the 2:15 pace, purse \$400:
Black Cecil 2 1 1 1
Evaadne 1 2 2 4
Col. Day 4 5 5 2
Rosemaire 3 4 4 3
Ida K. 5 3 3 5
Time—2:15½, 2:18½, 2:18, 2:23.

Black Cecil was the favorite and winner in this race.

The 2:18 trot, purse \$400, was stopped by rain after two heats were run. The results of the heats was as follows:
Superior 6 6
Improve 5 5
Thornboy 4 4
Allie King 2 3
Blanche K. 3 8
Roberta 1 1
Wheaton Boy 7 7
Summit Chief 3 2
Time—2:19, 2:23½.

In this race there was no pronounced favorite, Allie King, Summit Chief and Roberta being about equal favorites. Roberta seems to be a winner.

The work of Starter Lehman and the judges gave entire satisfaction, only one objection to decision being given and this was caused by the figures not being properly fastened to the driver's arm. The mistake was rectified almost as soon as made and good feeling was restored immediately.

It is to be hoped that the weather will be more favorable for the fast time tomorrow and next day. Considerable money changed hands on the result of the races.

POLITICAL

**Troubles Caused one Man to Kill
Another in Seattle.**

By Associated Press.

Seattle, Wash., June 24.—John W. Considine, a local sporting man, this afternoon shot and killed ex-Chief of Police W. L. Meridith. The shooting occurred in Guy's drug store, which was crowded with people. Considine was wounded slightly in the hand by Meridith with a shot gun.

Meridith was killed while struggling with John Considine and Tom Considine, who came to his brother's aid. Considine was arrested.

There was bad feeling between the men before, when Meridith was made Chief of Police and served notice on Considine that the latter could not remain in the city and do business. This was followed by several police orders which hurt Considine's business. In retaliation Considine made charges of corruption in office against Meridith. Council and a committee investigated. Mayor House requested Meridith's resignation. Considine belongs to a family well known in eastern sporting circles.

Tornado in Ohio.

By Associated Press.

Newark, O., June 25.—A tornado swept over the northern and western sections of Newark this afternoon. The upper portion of the new factory of the Everett Glass Works, where 75 men were at work, was wrecked and seven men were caught in the debris. Lloyd Cunningham was fatally injured. Walter Dickinson, a day foreman, and Thomas Douglass had legs broken. Others were injured. One side of the Ruggs halter works was blown in and J. W. Athey and James Burns were injured, not seriously. The ice manufacturing plant and several houses were unroofed.

Ohio Bank Assigns.

By Associated Press.

Carrollton, O., June 25.—The Connoton Valley Bank, of Sherrodsville, assigned tonight to N. E. Morgan, a Sherrodsville merchant. The bank was owned by J. C. Altman & Sons who also owned the Sand Valley Bank, at Malvern, which they sold last week to Cleveland capitalists. No estimate of assets or liabilities was obtained.

Gave Rise to Rumors.

By Associated Press.
New York, June 25.—It became known today that there is a debit balance at the Clearing House against the Seventh National Bank amounting to \$938,000. This gave rise to rumors that the bank was in difficulty. This was cleared away when Manager Wm. Sherer, of the Clearing House Association, gave out the statement that the bank settled the balance satisfactorily and all clearing house sheets have gone through.

In a statement tonight officials of the Seventh say: "A large balance is due to heavy checking on the part of men connected with several large brokerage and banking houses. Directors and stockholders of the bank held a meeting providing ample means for all business purposes."

To Aid Sufferers.

By Associated Press.
Columbus, O., June 25.—Governor Nash has issued an appeal to the people of Ohio for the flood sufferers of West Virginia. A committee was appointed to receive the subscriptions.

UNION LABOR

**Ordinance That it be Employed on City's
Work, Before Council.**

The City Council met in regular session last night with all the members in attendance.

The minutes of the previous meeting were read and approved.

Building permits were granted to Jacob Eysen on Seventh street, and to Jno. Leonhart on Fourth below Washington.

A petition was read from citizens of the East End requesting the Council to take measure to stop the encroachment of the Ohio river upon their streets. On motion of Mr. Strain it was referred to the Street committee.

Mr. Storek was given permission to address the Council. His request was that the B. P. O. E. Lodge No. 447 be allowed to construct an arch across Front street in front of the Elk Home, which arch was to bear fifty or more electric lights. The structure to conform to state regulations and be constructed and maintained by lodge No. 477. It was moved and carried that the request be granted.

A petition was read stating that the quarry on Fairview Heights was being run without proper authority. A special committee of three acting with the Solicitor was instructed to look into the matter.

The second estimate for the Third Sewer District by Adams Bros., amounting to \$3,039.30, was allowed.

Estimate for paving High School alley between Scammel and Wooster,

\$2,275.60, of which the Board of Education agreed to stand \$363.90. After a discussion the communication was received and placed on file.

A petition was then read stating that the waste water from the Marietta Ice and Storage Co. had become a nuisance in that it was hot and raised the temperature excessively and that the hot water would kill the shade trees. It was referred to the Street committee for investigation.

The committee which was to pass upon the question of free concerts in the park reported adversely, stating that in the first place any appropriation for that purpose would be illegal and that the present state of the city's funds would not permit the extra expense. The report was accepted.

It was moved and carried to refund \$10 deposited by the U. B. church for a lecture to be given in the Auditorium June 20, but which was not given because of the non-appearance of the lecturer.

An ordinance providing that all city work be done by union labor and that the ordinance take effect immediately was referred to a committee.

The Engineer was instructed to give Mrs. Putnam a grade for a sidewalk in front of her house on Third below Putnam.

Jno. Becker asked temporary leave to conduct steam across the street from his planing mill to his saw mill
